

Position Vacant

Wood Machinist (Trade Qualified) Hyne Tuan

Hyne & Son Pty Limited is a leading manufacturer and distributor of engineered and structural timber products to the building industry. Its world class manufacturing capacity, and environmental standards confirm the organisations unwavering commitment to sustainably grown plantation timber production and supply in Australia. Hyne Frame Tuan is part of the Structural Softwood Division (Qld), timber production facilities & is seeking to employ a Qualified Wood Machinist. It is a manufacturing /production workplace operating 24/7. This role involves shift work and may require overtime or alternative hours to support production needs.

Your Duties Include

- Setting, maintaining & operating planers
- Setting & grinding tooling
- Preventative maintenance
- Rotating shift basis
- Work flexible hours (including overtime)

The suitable applicant must be trade qualified with a professional attitude. Experience with high speed moulders would be an advantage. As this role is key to Tuan's operation, the suitable person would be exceptionally reliable with a proven track record and high safety standards.

If you are looking for change and a role that requires you to expand on your proven abilities and provide you with a challenge, this role may be for you.

Previous applicants need not apply. All applicants must be eligible to work in Australia.

Applications Close Friday 24th February 2012
